

## Chairman and Gold Preferred Lists

**As of December 31, 2009 Network 4 had 116 units with a Fistula Rate greater than or equal to 55 percent!!**

Network 4's Fistula Rate was 53.1%. There is still a lot of work we need to do, however, as we are far below the Healthy People 2010 Goal of 66%.

We will continue to make inroads in our Fistula First project through our Collaborative: The PennDel Chronic Renal Disease Partnership.

### Chairman Preferred Status List (Fistula Rate $\geq$ 66%) = 41 Units!
