

Dear Community Partner:

World Kidney Day (**March 10, 2011**) is fast approaching. The Renal Network PennDel CKD Partnership is actively planning Chronic Kidney Disease activities and education in conjunction with World Kidney Day ([www.worldkidneyday.org](http://www.worldkidneyday.org)). As a renal care provider, please consider showing your support for World Kidney Day 2011.

We are asking renal care providers to wear a World Kidney Day T-shirt on March 10, 2011 to recognize kidney disease worldwide.

PennDel is selling the T-shirts at cost so the renal care community can show its dedication to kidney disease awareness. We are encouraging all facility staff (and patients and families, if interested) to show their support.

*We are asking Facility Administrators to consider purchasing a T-shirt for staff or to allow staff to purchase, as a way to support the PennDel efforts to raise awareness of Chronic Kidney Disease in your community.*

To purchase your World Kidney Day T-shirts, please fill out the order form below and mail to the address on the order form. Shirts are **\$10** each for sizes **M, L, XL** and **\$11.50** for size **2XL**; price includes shipping & handling charges. **Checks must be made payable to "PennDel CKD Partnership"**.

As a nephrology professional, you are aware of the growing epidemic of chronic kidney disease. We strongly urge you to consider participating in this World Kidney Day event.

Sincerely,

PennDel CKD Partnership  
(A Coalition of The Renal Network)

**ORDER FORMS MUST BE RECEIVED BY  
FEBRUARY 18, 2011 FOR DELIVERY BY WORLD KIDNEY DAY!**
