

Are You Using the Gold Standard?

Catheters are a risk to your health.

Choose an AV Fistula for better

dialysis outcomes and increased wellbeing.

Are you still using a catheter? Then it may be time to switch to the dialysis GOLD STANDARD—an AV fistula as your vascular access!

An AV Fistula:

- Lasts longer
- Has fewer infections and clotting problems
- Provides better blood flow for a better dialysis
- Gives you more freedom (Shower, swimming, bungee jumping)

Act today! Talk to your healthcare team about having a vascular access assessment.
